

Get more interviews!

Your CV has 10 seconds to make an impact otherwise it won't be read

If your CV doesn't make an impact it won't get read and you won't be invited for an interview, it needs to be clear, appealing and professional.

Presentation and Structure

Give yourself an advantage

With twenty years experience in Recruitment I've helped leading companies hire numerous professionals and I've read and edited tens of thousands of CVs.

Everyone's CV is different, their experience is different and therefore no one CV is the same, the BetterCV Workshop is designed to

- Develop a clear and professional, future proof, CV format
- Clarify and simplify content
- Advise on interview techniques, applications etc

Located near Newbury, Berkshire, we'll work together on your CV, in most cases 1 hour should be enough to at least reformat and edit your CV. If extensive work is required on the content, additional time may be needed. The initial review, reformat and restructure can be achieved via email, often the content in a CV is suitable and an updated layout and structure is enough to make the difference.

Options:

- CV Review, reformat and restructure - £25
- 1 hour Consultation - £40

For further information on how and why I can help or to book an appointment call me, Steve Harris on 01635 868070 or email cv@bettercv.com

Money back if you're not 100% satisfied
